Forecast for Tuesday 04 May 2021

Weather: Showers and limited clear spells overnight, with snow level around 500m and best of shelter in the west. A day of occasional showers and brighter spells, with some heavy, perhaps thundery, chiefly during the afternoon across central and southern ranges. Snow level 500m lowering across all hills later.

Chance of cloud free mountain/hill tops above 800m: 75%

Visibility: Good or very good, lowering moderate to poor in showers, very poor in snow and hill fog, with bases lower 500-800m as showers push through.
