

This polar projection map of the Northern Hemisphere illustrates a complex weather system. The map features a grid of latitude and longitude lines. Numerous low (L) and high (H) pressure centers are marked, each associated with a numerical value. Key features include:

- Pressure Centers:**
  - Low pressure systems (L) with values: 159, 211, 304, 303, 309, 337, 359, 357, 262, 145, 125, 226, 99, 376, 356, 260, 188, 273, 220, 324, 393, 402, 193, 249, 332, 331, 149, 129, 98, 92, 98, 64.
  - High pressure systems (H) with values: 98, 249, 309, 332, 331, 149, 129, 98, 92, 98, 64.
- Fronts:** Red and blue lines with arrows indicating the movement and type of fronts (cold, warm, or occluded).
- Isobars:** Green lines representing lines of equal atmospheric pressure.
- Other Markers:** Various symbols including 'X' marks and small numbers (e.g., 150, 155, 160, 165, 170, 175, 180, 185, 190, 195, 200, 205, 210, 215, 220, 225, 230, 235, 240, 245, 250, 255, 260, 265, 270, 275, 280, 285, 290, 295, 300, 305, 310, 315, 320, 325, 330, 335, 340, 345, 350, 355, 360, 365, 370, 375, 380, 385, 390, 395, 400, 405, 410, 415, 420, 425, 430, 435, 440, 445, 450, 455, 460, 465, 470, 475, 480, 485, 490, 495, 500, 505, 510, 515, 520, 525, 530, 535, 540, 545, 550, 555, 560, 565, 570, 575, 580, 585, 590, 595, 600, 605, 610, 615, 620, 625, 630, 635, 640, 645, 650, 655, 660, 665, 670, 675, 680, 685, 690, 695, 700, 705, 710, 715, 720, 725, 730, 735, 740, 745, 750, 755, 760, 765, 770, 775, 780, 785, 790, 795, 800, 805, 810, 815, 820, 825, 830, 835, 840, 845, 850, 855, 860, 865, 870, 875, 880, 885, 890, 895, 900, 905, 910, 915, 920, 925, 930, 935, 940, 945, 950, 955, 960, 965, 970, 975, 980, 985, 990, 995, 1000) scattered across the map.
