Forecast for Sunday 02 May 2021

Weather: Mainly dry overnight with clear periods and a frost in the glens. A lot of dry, bright weather on Sunday with sunny spells. A few showers breaking out in the afternoon, especially in east of area, dying away again in the evening. The showers of snow above about 700m.

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Away from showers the visibility will be very good with the air having great clarity. However there will be temporary reductions to poor visibility as any wintry showers pass by. Clouds will become extensive about 700 to 800m in association with the showers, otherwise clouds above many of the tops.

Met Office Aberdeen Meteorologist's View

We will continue to see winter-like conditions on the tops.

Forecast for Monday 03 May 2021

Weather: Dry, sunny start to the day with a frost in the glens. Becoming cloudy during the morning with scattered afternoon showers, wintry above 700m. Feeling bitterly cold on the tops thanks to the strengthening winds.

Maximum wind: Strengthening southeasterly winds, average speeds on the tops of 20mph increasing 35mph in the afternoon with gusts 50mph.

Chance of cloud free mountain/hill tops above 800m: 80% reducing to 50% in the afternoon.

Visibility: Very good but reductions to poor visibility as showers pass by. Patchy cloud cover well up the hills at first becoming more extensive about 700 to 800m in the afternoon.

Temperature: **Glens:** Minus 2 Celsius rising to 8 Celsius.
At 800m: Zero Celsius.
Freezing level: 800m.
