December.....	4.25	1.53	2.82	.50							
TOTALS	19.35	21.85	28.99	19.54							

1870 by more sheltered from the S wind than is desirable by the growth of a large Beech tree within about 20 yards of it
"I expect that the depth of rain at Norwich a little exceeds that at Dickleborough from what I have observed by comparing former tables as well as from the comparative apparent dryness of the soil and ditches which I have observed at various times." Extract from letter from F. Dix
1874 Gauge moved to Norwich
Gauge bad and much sheltered
