### Forecast for Thursday 02 Dec 2021

**Weather:** Snow showers overnight, mainly in the north, often clear in the south. Bright with some sunny spells during the day, but still a few snow showers in the morning around Glenshee and across to the Aberdeenshire hills. The best of the sunshine for the Ochils and over to Ben Lawers. Cloud tending to increase with outbreaks of sleet and snow pushing in from the west in the evening. Temporary blizzard conditions possible.

**Chance of cloud free mountain/hill tops above 800m:** 90%, but 40% at first in north, becoming 20% or less during the evening.

**Visibility:** Very good or excellent but poor in any sleet and snow. Often little or no significant cloud during daylight hours, but occasional cloud, base 600 to 900m at first in north, becoming extensive, base 600m or less through the evening.

**Met Office Aberdeen Meteorologist's View**

Nothing to add.

**Forecast for Friday 03 Dec 2021**

**Weather:** Overnight rain and snow. Bright spells and a few wintry showers during daylight hours, the showers then merging into longer spells of rain and snow in the evening. Snow mainly above 800m, with rain or sleet below this.

**Maximum wind:** West 20 to 25mph gusts 35mph over the summits with a significant wind chill.

**Chance of cloud free mountain/hill tops above 800m:** 70% lowering 30% in the evening

**Visibility:** Mostly very good or excellent, but poor or very poor in wintry showers. Occasional or extensive cloud, base around 1000m, lowering 600m or less in showers.

**Temperature:** **Glens:** Plus 2 to 6 Celsius  
**At 800m:** Around Zero  
**Freezing level:** Around 800m
