

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Thursday 05 Nov 2009

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
There will be sunshine and showers today. The showers will be mainly in the west, becoming heavy and prolonged across Wales, with scattered showers also in eastern Scotland and later southwest England. Some eastern areas should remain dry seeing the best of the sunshine. There will be blustery winds across southwestern Britain.

Outlook for Friday and Saturday:

Southeastern England will be dry with some sunshine on Friday. Otherwise, cloud and outbreaks of rain will spread from the west, the rain occasionally heavy in the north during the afternoon. Saturday sees a return to sunshine and showers, the showers frequent and heavy in southwestern areas.
