Forecast for Tuesday 02 Jan 2024

Weather: Snow, with rain below about 450m, soon turning to rain at all levels over the Ochils, the snow turning to rain below about 900m over the East Highlands as the morning goes on, the rain gradually easing from the south. Staying cloudy through the afternoon, with patchy rain and summit snow, before some heavier outbreaks return in the evening.

Chance of cloud-free hill tops above 800m: 10%

Low Cloud and visibility: Cloudy throughout, with bases mostly in the 600-800m range. Visibility occasionally poor in rain and very poor in snow, but improving good in drier interludes away from the cloud.
