### Forecast for Friday 02 Sep 2022

**Weather:** Some early morning brightness to start, although cloud will build, alongside a risk of showers throughout the day. There's also a low risk of some heavier outbreaks into the afternoon.

**Chance of cloud-free hill tops above 600m:** 80% becoming 90% by late morning.

**Low cloud and visibility:** A risk of a few isolated patches of low cloud throughout the park with bases of 400-500m around dawn, though this will rapidly disperse soon after. Also a chance of some mist within valleys through the early hours. Very poor visibilities within any cloud or mist.

**Forecast for Friday 02 Sep 2022**

\*Level above which ground is expected to be frozen/snow is expected to settle.

**Meteorologist's View**

Take extra care during any heavy downpours as this will cause paths and rocks to be slippery and could bring the visibility down to poor or very poor.

**Recent rainfall:** measured at Neuadd: altitude 353m
