

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Sunday 05 Jul 2009

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Sunny spells with many eastern areas starting dry. However, showers across some western areas will develop more widely, some of these becoming heavy in the west and north with a risk of thunder. Some southeastern areas should remain dry. It will feel warm in sunshine. Tonight, showers or longer spells of rain in many areas. Breezy in the south.

Outlook for Monday and Tuesday:

It will remain unsettled with further showers in all areas. Some of these will be heavy and slow moving with hail and thunder, especially on Monday when some heavy downpours can be expected. It will turn cooler as winds turn northwesterly.
