

FPUK86 EGRR 031745
Forecast for the UK.
Issued by the Met Office
at 1945 on Friday 3 November 2006

** Valid for Broadcast at 2159 **

Here is the forecast for the United Kingdom for daytime tomorrow :
Windy, mostly cloudy and mild over Scotland, with showery rain in the northwest. Rather cloudy and mostly dry over Northern Ireland and northern England, with a westerly breeze. Dry elsewhere. Early frost in south, then mostly sunny after clearance of any fog, rather more cloud further north. Light winds.

Outlook for Sunday and Monday:

Sunday, windy over Scotland, cloudy in west with showery rain in northwest, brighter in the east. Sunny intervals and rather windy Northern Ireland and northern England. Good spells of sunshine elsewhere, less cold with light winds. Monday, Scotland, Northern Ireland, rather cloudy, windy, perhaps rain later. Dry, sunny spells, milder elsewhere.
