### Forecast for Sunday 09 Oct 2022

**Weather:** Clouds thickening this morning with patchy rain reaching Creag Meagaidh around mid-morning, extending to most ranges by early afternoon. The rain will become heavy for a time, especially over hills in south and west of area, turning to sleet on highest peaks before clearing late in the afternoon and early evening.

**Chance of cloud-free hill tops above 800m:** 60% reducing 20% by late morning, mostly confined to northern Cairngorms. Chances improving 70% during evening.

**Low cloud and visibility:** Good visibility at first with canopy of cloud mostly above the tops, lowering to about 600 to 700m as rain moves in. Also turning misty with poor visibility in heavier rain. The visibility will become good by early evening with clouds lifting and breaking up.

**Met Office Aberdeen Meteorologist's View**

Conditions will become dangerous for a time over higher ridges and summits due to combination of severe gale or storm force winds, low temperatures and persistent rain, turning to sleet on highest peaks.

**Forecast for Monday 10 Oct 2022**

**Weather:** Bright spells and blustery showers, wintry above about 900m, becoming fewer in afternoon. Windy and feeling bitterly cold.

**Maximum wind:** Strong northwest winds, average speeds of 30 to 40mph with gusts 60mph, gradually easing later in the afternoon.

**Chance of cloud-free hill tops above 800m:** 50%, best in east of area.

**Low cloud and visibility:** Very good visibility away from showers with cloud patches about 700m. Brief reductions to poor visibility as showers pass by with more extensive cloud cover.

**Temperature:** **Glens:** Plus 6 Celsius rising to 12 Celsius.  
**At 800m:** Plus 4 Celsius.  
**Freezing level:** 1100m.
