

This is a detailed topographic map of the Arctic region, showing landmasses, ice sheets, and surrounding oceans. The map features contour lines, elevation markers, and a grid system. Key geographical features include Greenland, the Canadian Arctic islands, and the Russian Arctic archipelago. The map is labeled with various numbers and letters, indicating specific locations and elevations.

This is a detailed topographic map of the Arctic region, showing landmasses, ice sheets, and surrounding oceans. The map features contour lines, elevation markers, and a grid system. The Arctic Ocean is centrally located, surrounded by North America, Europe, and Asia. The map is color-coded with green for land and white for ice/snow. Various geographical features like mountains, rivers, and coastlines are clearly marked.
