Forecast for Tuesday 04 Oct 2022

Weather: Chance of some persistent rain in the morning, especially across the south and the west of the area. Drier and brighter conditions are expected to spread from the west in the afternoon with a mostly dry end to the day. Windy.

Chance of cloud-free hill tops above 800m: 60%

Low cloud and visibility: Low cloud down to 600 metres shrouding the summits across the south and west of the area at first, this clearing away through the morning with most summits clear of cloud by afternoon.
